## FÄRGBLOCK MATT

Färgblock - colour block in English - is our ceramic collection developed in collaboration with the designer and colorist Tekla Evelina Severin @teklan.

Färgblock is available in a 5x15cm porcelain stoneware format. The collection's added value, in fact, is its format, which has been chosen as the lengths of its sides allow modular patterns to be created. Originally released in a gloss finish and later enhanced with a new matt finish, Färgblock combines the technical performance of stoneware with a powerful and contemporary style. It is a versatile collection that can be inserted in indoor and outdoor applications in both residential and retail contexts.

The addition of its matt finish also allows a sense of surface continuity to be created between floor and wall tiles. Its wide colour range, consisting of 13 gloss and matt colours, offers decisive contrasts and delicate tone on tone juxtapositions that make walls come alive.

Alternating the two different, gloss and matt finishes and the use of coloured grouts are also important tools that offer planners and designers multiple creative possibilities.

Färgblock - in inglese color block - è la collezione ceramica sviluppata in collaborazione con l'interior designer e colorist Tekla Evelina Severin @teklan.

Färgblock è disponibile in gres porcellanato nel formato nominale 5x15cm. Il valore aggiunto della collezione è proprio il formato, scelto in quanto la misura dei due lati consente di creare pattern modulari. Realizzata nella finitura lucida poi arricchita con la nuova finitura matt, Färgblock, è capace di unire alle performance tecniche del grès, un impatto estetico forte e contemporaneo. Una collezione versatile che può essere inserita sia in contesti residenziali che commerciali, per applicazioni indoor e outdoor.

L'integrazione della finitura matt permette di ottenere una continuità di superficie tra pavimento e rivestimento.

L'ampia gamma cromatica, composta da 13 colori lucidi e matt, consente di creare contrasti decisi o delicati accostamenti tono su tono conferendo maggiore movimento sulla parete.

L'alternanza delle due diverse finiture lucido/matt e l'utilizzo di stucchi colorati diventano moltiplicatori di possibilità, veri strumenti a disposizione di designer e progettisti.
